Audio Enhancement

XD Microphone Tips and Tricks

- Charge overnight with the supplied Audio Enhancement charger before first use
- Speak in a normal tone
- Plug in your microphones every night—they won't overcharge
- Set the Teacher Microphone 6" away from your mouth.
- If you can hear yourself through the speakers, your volume is too high
- Teacher Microphone will turn off after being muted for 5 minutes.

Pairing Microphones to Your Receivers

If you power on your XD system and your microphones do not connect, follow the directions below to pair them to your receiver:

LANYARD MICROPHONE LINKING Instructions

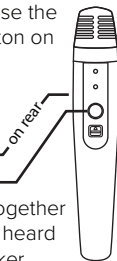

1. If microphone is ON, press and hold "PWR" until microphone turns OFF.
2. Press and release the XD "LINK" button on the receiver.
3. Press and hold both "PWR" and "REC" pushbuttons together until a beep is heard from the speaker.

XD

HANDHELD LINKING Instructions

1. Slide "TALK" switch down to turn OFF the microphone.
2. Press and release the XD "LINK" button on the receiver.
3. Press and hold both "PWR LINK" & "TALK" pushbuttons together until a beep is heard from the speaker.

OPTIONAL MEDIA MICROPHONE CHANNEL LINKING Instructions

1. Turn on both paired microphones
2. Repeat instructions to the left for your third microphone. Pairing will take longer than usual.
3. The LINK LED will now function as a Media Channel power indicator.
